**Powrtouch Price List and Order Form** ( Installation quotes at our facility furnished on request )

**Powrtouch Model 3** This model is designed to work on single axle RV trailers weighing up to 6,000 pounds moving over a level surface. Performance and therefore weight moving ability will vary depending on grade, slope and surface conditions.. Customer assumes responsibility for installation. **\$1,995.00** + shipping and sales tax (if applicable).

**Powrtouch Model 4** This model is designed to work on tandem axle RV trailers weighing up to 5,000 pounds moving over a level surface. Performance and therefore weight moving ability will vary depending on grade, slope and surface conditions. Customer assumes responsibility for installation. **\$2,295.00** + shipping and sales tax (if applicable).

**Options:**

Powrbar ® allows engagement of both rollers onto both of the RV wheels at the same time from either side of the RV. This is particularly useful where access to one side of the RV is limited. **\$140.00**. This item supplied if Model 4 is ordered.

Bradley Doublelock, Ltd. 48 MM Cast clamp and serrated heavy duty jockey wheel with 700 pound tongue weight capacity. Improves performance over severe terrain. **\$175.00**
